

Laminated PVC Fencing

BY FENCETRAC®

The next generation of premium PVC infill boards, designed to last a lifetime.

PRODUCT SPECIFICATIONS

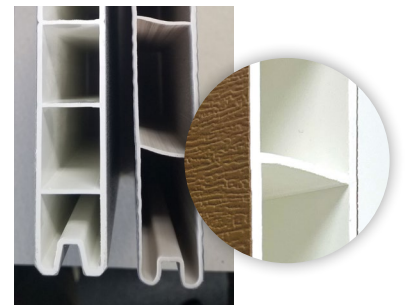

1" W x 5 7/8" H x 71 1/2" L

Engineered for effortless installation, our product makes setup simple for anyone, saving time and hassle.

Tongue & Groove Design

Our PVC board features a center web with more reinforcement than our competitors, ensuring superior strength and durability.

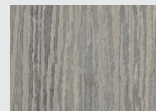

3/32" Thick Wall

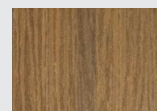

UltraBlend is twice as thick and more durable than competing products, offering unmatched quality and longevity.

EXPERIENCE THE FUTURE OF FENCING

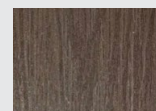

Discover UltraBlend by Fencetrac®, the next generation of premium PVC infill boards. With a laminated PVC design, UltraBlend mimics the look of wood without the maintenance. Its impact-resistant, rigid profile ensures lasting durability. Say goodbye to painting, staining, and rotting wood. UltraBlend is a sustainable, lifetime fencing solution.
